Assistant Commissioner for Patents  
Washington, D.C. 20231

Sir:

Applicants hereby submit a copy of the Applicants representative's log showing patent and trademark prosecution matters docketed between December 21, 1999 and January 21, 2000, as additional evidence to support the Request For Re-mailing Office Action and Resetting of Period for Response. On June 15, 2000, Applicants filed a Combined: Request for Re-mailing Office Action and Resetting of Period for Response; Conditional Petition for Extension of Time; Conditional Notice of Appeal; and Conditional Deposit Account Authorization for the above-

referenced application. After filing the Request, Applicants representative receive a voicemail from Supervisory Patent Examiner Forester W. Isen, who advised applicants to file a Petition to Re-mailing of the Office Action along with a copy of Applicants representative's mail log.

To supplement the previously filed Request, Applicants representatives have generated a log showing patent and trademark prosecution matters docketed between December 21, 1999 and January 21, 2000.<sup>1</sup> As stated in our original request, all mail received in the Washington, D.C. Office of Fulbright & Jaworski L.L.P. is directed to our central docket clerk. The log shows that no entries were made for the U.S. Patent Application Serial No.: 08/598,457 during the December 21, 1999 and January 21, 2000 time period.<sup>2</sup>

In view of the additional evidence showing Applicant's representative failure to receive any Office Action in the above-captioned application, we request that a new copy of the Office Action and any other papers which should have been mailed to Applicant's representative since the filing of the CPA request be resent and a new time period be set for response.

In view of the advice that a first Office Action Final was mailed on December 21, 1999, and the short time between Applicant's discovery of such action on June 14, 2000 and the six month response period, Applicants do not believe that it should be necessary to petition and pay for Extension of Time and Notice of Appeal due to the lack of any delay on the part of Applicant or

<sup>1</sup>The docketing system generates its own docket number for each file (different from the Attorney Docket No.) The Docketing Nos. in the log are the docketing system docket numbers. The docketing system number for the above captioned file is WO-P00137US0.

<sup>2</sup>Those entries that do not include a serial matters which do not yet have assigned serial numbers.

Applicant's representative. The Commissioner is also authorized to charge any additional fees associated with this filing or credit any overpayment to Deposit Account No. 06-2375, under Order No. 414.013/09504869. This document is being filed in duplicate.
